Presidential Pontiac-tations

Good Day, Old Pueblo Members,

Thank you for your votes, and I am looking forward to serving as your president for the next couple of years. It was proposed at our last meeting that officers serve a two year term. I feel that that is an excellent suggestion and am glad that it passed.

Page 2

The club wishes to thank Al Coloman, past president, Bob Maslana, past vice president, and Randy Rogers, past treasurer for the years of commitment and their time. Dave Green has graciously agreed to continue as our editor and web master. Dave, thanks again for your generous commitment and for creating an outstanding newsletter and website.

We would also like to thank and acknowledge Thom Sherwood for arranging for guest speakers and for countless hours and tenacity in chairing our November show which was a tremendous success. Thom contributed graphics, printing and website designing, and contacted other Pontiac clubs and other venues which was a big part of the show's success. Thanks again, Thom, for a superb job.

Randy Rogers and I met for the purpose of establishing some goals for 2015. The first goal is to appoint entertainment co-chairmen. Sandee Corbin has agreed to serve representing the north and northwest side of Tucson. Dwight Gibbs has agreed to represent the east and southeast side. Together they will search and identify places for cruises, breakfasts, dinners and other specific entertainment venues. Our goal is to have four events per year including our annual Christmas party.

Randy and I felt it important to have a member's car showcased in our monthly newsletter. Randy advised me that this had been done in the past but not in recent years. Each of our cars has a history, and I have not met anyone who did not wish to share

that history. I think that this would be great fun and an opportunity to get to know the vehicle and its member\owner much better. Randy will develop a short questionnaire which will be handed out at our February meeting. After the questionnaire is completed, Randy will collect them and ask for three or four members to meet him at Reid Park so that he and Virginia can help stage and photograph the featured cars. Randy will then forward the information and photographs to Dave Green so that they can be featured in the appropriate month's newsletter.

My personal goal is to get to know all of our members. As an example, in January, I had the opportunity to meet with Bill and Carolyn Archibald and "drool" over his '67 GTO that Carolyn bought new. WOW! What a time capsule! The car is absolutely stunning...an original down to the color-coded hose clamps. Bill and Carolyn promised to bring the car to some future shows. It's a real Go-Car...no power steering or brakes. Point it in the right direction and have plenty of room to stop. Bill and Carolyn, thank you for the opportunity to get better acquainted and see your beautiful GTO. I am going to make it a point to sit with members I do not know well so that we can become better acquainted.

Any suggestions to better the club in any way will be welcomed. If any member wishes to talk to me at home, my 'phone number is (520) 572-9435. I would

Editors Report

Thanks to all who participated in the clubs election. We had 24 members votes. Congrats to Bill Armstrong (president), Randy Rogers (vice-president), and Bill Corbin (treasurer). We also will have elections every two years.

The guest speaker last month was Ken Forgue of Alloy Wheel and Repair. It was very informative. See ya at the meeting.

Dave

Special thank you

I want to thank each you who sent well-wishes in the lovely cards, phone calls to Bill, facebook messages and prayers of concern during the recent weeks .Laughter from the cute cards and tears of gratitude for your kindness and prayers on the more discouraging days kept me going and I am well on the way back to 100%.I so appreciate your thoughtfulness and friendship, and wish for each of you health and joy though out this new year.

SINCERELY, ANNE ARMSTRONG

Annual Christmas Party

The club wishes to acknowledge Sandee and Bill Corbin for hosting our annual Christmas party at their clubhouse for the past several years. About 35

folks attended the event this year. The clubhouse decorations were beautiful. To the hosts with the most----a grateful Thank You!!!!

Attention All Pontiac and GMA Member

Our first official social event will be a cruise and lunch on Sunday, February 22, 2015. We will meet with the Desert Renegades and Cactus GTO groups in Picacho Peak. Let's meet at the Trico Electric parking lot on I-10 and Tangerine Road at 8:30 am and leave at 8:45 am. Be sure to pack a lunch for you and your guest. Let's dust off and blow out the carbon....but most of all, have fun!!!

2015 Dues Drive

The 2015 dues drive is in its second month. Please pay up your membership now. If you pay at the monthly meeting, and pay with cash, please have the right

amount (\$18.00). If you pay by check, please remember to make your check out to "AZ Chapter Pontiac-Oakland Club". If you want to send your treasurer a check by mail, send it to

**Randy Rogers, 9401 E. Still Springs Place
Vail, AZ 85641**

If you joined our club in November at the All Pontiac GMC Truck Day event or later in the year, you are paid up for the 2015 year. The following folks will have pro-rated dues:

Robert Curran

Derek Lewis

James Williams

Please see me at the meeting and I will tell you what your pro-rated dues are.

The following folks have already paid their 2015 dues:

Keith Collier

Al Coloman

Dave Green

Ed Stokes double paid and is good for 2015 and 2016.

Our dues drive will conclude at the March meeting. If you haven't paid by then, you are no longer a member. Please don't let that happen!

Special Mention Ross Whitehead is one of the founding members of the OldPueblo Pontiac Chapter 29. He has

suffered health problems for the last year and this month is his birthday we all wish him a complete recovery and miss him at our outings and meetings. **HAPPY BIRTHDAY ROSS!**

UPDATE ON ROSS WHITEHEAD by Thom Sherwood Arizona Chapter's co-founder, Ross Whitehead was hit hard by a cerebral stroke just over a year ago. He has since been convalescing in the Arizona State Veteran's Home in Phoenix, receiving regular visits from his family.

I was recently able to contact Ross by phone and catch-up with him. While his speech is still very affected, he has shown some improvement and his mind is still very clear. Ross wants everyone to know how much he misses us and truly hopes that he might soon be able to transfer to the Tucson Region VA Home.

Ross would love to hear from fellow Pontiac club members and friends, especially for his upcoming birthday on February 18th! You may call him directly at (602) 248-1594 extension 3121.

Or, write to him (in care of his daughter):

JoAnne Whitehead

11518 W. Laurelwood Lane

Avondale, AZ 85392

JANUARY MEETING RECAP

The tremendous turnout at our January meeting included members both old and new. Attending new members included Sheldon Shafer ('73 Trans Am restoration project) along with Randy & Carol Willard ('66 GTO and '06 Grand Prix) and Bob & Christine Francis ('56 Chieftain). Also gracing us with her attendance for the first time since a recent medical scare was Anne Armstrong, looking healthy, strong and lovely!

Long-distance members Steve Barcak and Keith Collier also made the drive from Phoenix in Keith's '65 Grand Prix.

Our guest speaker for the evening was Ken Forgue of Alloy Wheel Repair Specialists, Inc. Ken shared how his mobile operation can fix, straighten and repair a variety of aluminum and aftermarket wheel issues, sometimes without even needing to remove the tire. The business is operated by Ken and his father, Jerry, offering very reasonable pricing for this valuable and convenient service. They can be reached at (520) 730-2390. Thanks, Ken!

A discussion of NEW BUSINESS for the evening included plans to attend the annual Tubac Car Show hosted by the Santa Cruz Valley Car Nuts on Saturday, January 31st. This show traditionally features a great display of clubs and classics on the grass fairways of Tubac Golf Course.

Plans were also announced for a multi-Pontiac Club picnic outing at Picacho Peak State Park, an iconic landmark midway between Phoenix and Tucson. The Desert Renegades (Phoenix) have invited both the Arizona Chapter (Tucson) and the Cactus GTO Club (Phoenix) to join with them on Sunday, February 22nd. Look for more details elsewhere in this issue of HOT AIR.

Speaking of our Pontiac friends in Phoenix, enthusiasts are urged to support the 18th Annual BOP Show (Buick-Olds-Pontiac-GMC Truck), on Sunday, March 29th. This event will be co-hosted by the Renegades and Cactus GTOs at the Scottsdale Pavilions. Details, including pre-registration information, are posted online at www.pontiacclubofphoenix.org

Steve Barcak also gave us a first-hand update on the 17th Annual Pontiac Heaven Weekend at Wild Horse Pass Motorsports Park in Chandler, AZ. Steve's event, scheduled for Sat-Sun-Mon, April 18-20th, features "traditional" (pre-1982 only) Pontiac-powered drag racing and a car show. Special guests in attendance will include Jim Wangers (Godfather of the GTO) and Jeff Kauffman (Kauffman Racing Equipment, Glenmont, Ohio). Spectators can expect to see special displays not seen elsewhere including the original Mickey Thompson

HEMI Pontiac engine and the newly located and restored Pontiac Top

Fuel Dragster of Turk/Cox/Braswell!

The Arizona Chapter will once again be sponsoring a number of show classes for Pontiac Heaven's judged car show on Saturday. A Tucson- area caravan to Wild Horse Pass will be announced soon. Meanwhile, look for more details at www.PontiacHeaven.org, or give Steve a call at (480) 899-7873.

Perhaps the biggest news from last month's meeting was the announcement of our brand-new Arizona Chapter officers! Retiring President Al Coloman, who has valiantly helmed our club for the past ten years, officially handed-over the gavel to Bill Armstrong.

Extreme gratitude goes out to Al and to outgoing VP Bob Maslana and Treasurer Randy Rogers for their many years of service. Filling-out our 2015 slate of officers is Randy Rogers, now in the role of Vice President, and Bill Corbin as Treasurer. Congrats to all, and a hearty "THANKS" to all who voted and participated!

FEBRUARY MEETING NEWS

Our next general membership meeting comes together Wednesday, February 11th at Cody's on Ft. Lowell Road. Please be there to welcome Bill Armstrong as our new Commander-in-(Injun) Chief!

We'll have a review on last month's very, very wet Tubac car show,

plus the latest updates on our multi-club outing to Picacho Peak and the upcoming Scottsdale B-O-P Show.

Our special guest and featured speaker for the evening will be Mr. Jose Fimbres, owner of STRIPPERZ Mobile Cleaning and Stripping. Jose is well-versed with the particular needs of automotive restorers. His silica-based stripping process offers a safe and comprehensive approach to various metals and fiberglass, as well as stone, wood, ceramics and other substrates. Jose plans to bring along a video demonstration of the process, and anxiously awaits your vehicle-related restoration questions. See you there.

Happy Valentines Day

Barrett-Jackson (B-J) Scottsdale 2015

Al Coloman

I attended two different days of the B-J auction this year. Had a great time and saw some wonderful collector cars that we might not see too many times again. Who Knows?

1st day. Steve Disch, one of his neighbors and I went up to Scottsdale on Monday. Unlike previous years they did their bidders/Sellers Dinner on Sunday Night so they did not boot us out at 3 PM as usual. One of Steve's Denver buddies (Dennis) was selling his outstanding 62 Chevy Bel Air Bubble top, that was to be sold on Thursday, so he got us in on passes on Monday

I took far more pictures than can probably be used here so I will limit what I send to David.

Like the \$5.1 Shelby Cobra, the three million 53 Bonneville Concept Car, the \$4 million for the GM future liner, Chezoom, (57 Chevy done by Boyd Coddington, and a number of Pontiacs that were there. Also, a couple of pictures of Dennis's 62 are included.

We took in most of the show on Monday since we didn't have to leave early and they actually sold a few cars on Monday and Automobilia too. One of Ron Pratt's Pontiac Signs (Large Neon, Pontiac Service) sold for \$13.5 K while we were watching. The opening of the car bidding starts with a line up on stage of all the auctioneer staff, and helpers and the way they do this is impressive. My only complaint about the whole auction is that I don't get Velocity TV. They (B-J) moved backward on this part.

I went back with Steve on Thursday to see Dennis's car sell. Very interesting as it turns out Steve and I were on stage when it sold. I did not have the credentials to be there but like I said to another of Dennis's Denver buddy's just keep wiping the car down as we go through this gate and act like we own the place and we will be fine. We were. I guess Steve and I were on TV as one of the bidders for the car was next to me and the camera kept going back and forth as the bidders assistant ran between bidders. His car sold for I think \$85 or \$86K A "best of show" car in most places.

The whole thing can be sensory overload if you are not prepared for it, but I think this auction should be on your bucket list if you are a car guy. It is a great show, the cars are awesome and the celebs come out for this. I think this auction set another record in terms of sales and the Ron Pratt collection led the way.

Grand National Roadster Show (GNRS) 2015

Reporter, Al Coloman

Once again Steve Disch and I went to the RNRS. This year we just went as spectators, but we did also go the Hall of Fame Luncheon. As is always the case the quality of cars in this show is unsurpassed anywhere. Some cars while not a style that I would care for, are simply awesome for the quality of work that has gone into them. Such is the case of the '60 Catalina with the very chopped top. Not for me but the work required to do that and then the paint on the car was simply wonderful. The quality of cars in the Saturday Drive in show was as good as ever, but Steve and I did think it was a little down from previous years.

We drove over on Thursday, got our fix of spaghetti, as Vince's (only about 5 things on their menu, and been there for 40 years). The show opens at noon so we could take our time in the AM. Got there and toured the inside show on Friday all nine buildings. I took a lot of pictures but have attached a smaller number to this report to give you the flavor of the show.

On Saturday AM we parked the Geezer rod (Steve's 91 Caddy Brougham) right outside the entrance to where the Luncheon is held and toured the cars on the outside. That is the Drive in show, which we have done previously. I saw a car that looked much like David's "Miss Kitty", Pictures included. Some differences, (I like Miss Kitty Better) Once we went into the Luncheon, we ran into Steve's friend from Denver, Larry Christensen (Larry and his wife split their time between Denver and Scottsdale. He had entered his roadster in the AMBR contest. There were 18 entries this year. Larry's a car that I have seen before, but it was modified over the last few months at Pinkies (Denver Area) and it was in the shop there last June when I went to the Goodguys event in Denver. Pinkies hosted the before party and we ran into Larry at that time.

As is there custom the Luncheon invites all the folks who have cars in the AMBR contention to join the lunch. Each contestant is given a very nice jacket. We sat with Larry and his wife at the luncheon, and a couple of guys who had come over from Sweden. There were other international guests there also. This show just keeps getting better, and more international.

After lunch and the induction of three new members into the Hot Rod Hall of Fame, we went and met Skinny Jeff (my Nephew) and his wife by the Circle City Hot Rods booth chatted for a bit and then headed out to Tucson.

We had run into Larry Crosby (Renegades) and his wife Jeannie, at our Motel and Larry showed us the new (to Him) car he had just bought. All in all a great trip and the Geezer rod is like riding on your couch.

One thing further, I can't recommend this show enough to see simply the best cars you may ever see.
